

*THE WINE PROGRAM AT CHARLESTON
is all about the relationship between wine and food.*

*After a quarter century of watching and tasting
CHEF'S VERY PERSONAL CUISINE in development I constantly work
to understand the balance & content of her dishes
and how they relate to the wines in the cellar.*

Among many, some considerations for cellar selection include :
- what the growing season is like for farmers in this part of the country
- the mood and the taste of our clientele
- the individual people who make the wine and their culinary traditions

*All of this information becomes this giant and RIDICULOUS MATRIX OF INFORMATION
that gives us just enough detail and data to actually do something akin to art.
Making the right connections is not formulaic, but it is based on a lot of information.*

*THESE CONNECTIONS ARE AT THE HEART
OF WHAT WE STRIVE TO CREATE.*

– Lindsay Willey, Wine Director

P.S. Please keep in mind the fleeting availability of mature and rare wines from our cellar.
We apologize if your first choice is not available.

CHAMPAGNE

All CHAMPAGNE TASTES SOMEHOW OF APPLES. The wines are superbly diverse and complex yet always accessible. Maybe this is THE wine of celebration as it has the most particular magic.

Aroma of fresh peel from a granny smith is so different from the sweet flesh of a honeycrisp, but somehow they bring the same universal happy memory.

In the wine, this accessible note from childhood is mixed with all the geological history and individual seasonal life story of the vines and their fruit that is written in an ENTIRELY UNIQUE PLACE for growing and making wine.

Champagne is sorted on the following pages into different groups:

BLANC DE BLANCS one would expect to be lacy, clean and full of verve.

BLANC DE NOIRS is filled with raspberry baritone fruit.

ROSÉS are diverse. From charming, light & easy to rich, toasty & boisterously chasing a lamb dish.

TÊTE DE CUVÉE are the best grown versions from both tiny familial producers and the most famous names.

NON & MULTI VINTAGE (NV) run from young and fruity to powerful and austere.

CHAMPAGNE & SPARKLING

MULTI-VINTAGE

The idea of VINTAGE wines from Champagne and NON-VINTAGE aka MULTI-VINTAGE are very unlike almost all other wine regions.

Champagne is VERY FAR NORTH in comparison to other places you may try to grow Chardonnay, Pinot Noir and Pinot Meunier and as such, ripening is extremely variable (though a bit more reliable with climate change).

Because of this inconsistency, the wines historically have been a BLEND OF DIFFERENT VINTAGES attempting to maintain something of a HOUSE STYLE.

CHABLIS

These wines are extremely precise,

structured and incredibly long and complex in the mouth.

The Grand Crus are very age worthy and can carry one through a meal.

Chef always has seafood courses that beg for the intensity and relative lightness available here.

MEURSAULT

AMERICAN CHARDONNAY

American Chardonnays are often SHOCKING IN THEIR RICHNESS and the vividness of color in comparison to their old world counterparts. Their depth of expressive fruit and ebullient personalities are always at the core of what these wines should be.

There are certain dishes that prefer American Chardonnay — LOBSTER & FRESH CORN being two of the ingredients that trigger that preference.

SAUVIGNON, CHENIN BLANC

BORDEAUX

Bordeaux whites are often complex blends of Sauvignon Blanc, Sauvignon Gris, Semillon & Muscadelle. Both of the Sauvignon grapes lend a verticality to the structure and length to the finish of the wines. Semillon can add a nutty richness and density depending upon the individual growing site and the choices of the grower.

These whites AGE VERY SUCCESSFULLY becoming more savory and complex as time goes by.

The older ones can be a remarkable PAIRING WITH THE CHEESE CART.

RIESLING

The grape can be either DRY or bone dry OR A LITTLE BIT OFF DRY like some Alsace and some German versions and also a little bit sweet in the case of certain vintages.

AUSTRIA

The wines, especially from the most famous sites in the Wachau are Riesling at its MOST PRECISE, incredibly linear and age worthy. They gain power and more complex flavors with time in the cellar.

450	Riesling Federspiel, Weingut Knoll "Loibner" (Wachau) 2016	\$80

2505	Riesling Smaragd, Franz Hirtzberger "Singerriedel" (Wachau) 2011	\$178

GERMANY

Germany produces a typically lighter version that is often a bit lower in alcohol, sweeter but a very vivid expression of the grape — Riesling at its most charming.

GRÜNER VELTLINER

Besides being the single most entertaining grape varietal to pronounce, these are wines of very special and particular qualities. They are marvelous with RAW, CURED & SMOKED SEAFOOD, salty dishes and dishes that are built with a broad range of flavors from earthy like a Chioggia beet to edible flower petals.

Typically you expect aromas and FLAVORS OF GREEN TEA, white pepper and minerals.

2130 Grüner Veltliner, Laurenz V "Charming" (Kamptal) 2021 \$73

2165 Grüner Veltliner Steinfeder, Franz Hirtzberger "Spitz" (Wachau) 2022 \$76

CENTRAL EUROPEAN

GEWÜRZTRAMINER, MUSCAT & PINOT GRIS

Gewürztraminer and Muscat are the spice boys with the MOST EXOTIC & SPICY AROMAS out there.

Muscat does not have the same muscle as Gewürztraminer nor is it typically quite as sweet or big bodied.

Pinot Gris from Alsace is actually the same grape as Pinot Grigio in Italy, but the style of the wine is enormously different. These are more similar to Chardonnay in size and density — just don't expect the toasty, oaky buttery flavors.

The wines often have a SLIGHTLY SMOKEY APPLE PIE characteristic.

RED BURGUNDY

Burgundy is the home of PINOT NOIR and it is the most extreme place to grow it.

The slope that runs about 31 miles is positioned with such a wide variety of exposure to very specific weather. The coolness is a big factor in bringing such intense, vivid flavors that are so specific because the grapes are on the EDGE OF SURVIVAL.

There is a reason we filled 10+ pages with wines from Burgundy — and it is worth explaining why. More than fruit, savory flavors and structure — there is also SOUL & MAGIC in the wine when everything works. We know that when it's in a mood, that magic lies dormant. Like people, as time goes along, you have different days. Something that strikes you as funny one day may not the next. There are three big factors that contribute to quality and differentiation in Burgundy. These will be most helpful in making a choice.

- 1) PRODUCER: the individual farmers who grow grapes and produce wines*
- 2) SITE: vineyard location dictates not just some of the quality potential but a lot of the flavors*
- 3) VINTAGE: variations in weather have a major impact on the final product*

Imagine the difference between green and blue. Let's say Morey-Saint-Denis, a particular village in Burgundy, is green. For each producer, site and vintage, there are many variations of the color green within the village. Chambolle-Musigny — we'll say that village is blue — many factors may dictate the shade but it's always still blue.

A word on vintages...

Burgundy is a challenging place to grow Pinot Noir to full ripeness even in the days of climate change.

What constitutes "a great year" has shifted a bit. One thing that is certain is that from the very best producers and the very best sites you have wines with the most personality, greatest character and most specific and particular expression.

There are vintages available from this cellar that were cooler and produced light, clean and vivid wines that drink beautifully in the right context — 2011, 2013, 2018.

There are vintages of plump sunny fruit and ebullience that take over the party as soon as they walk in like 2009 & 2015, 2019.

The vintages prized by the classicists the most — 2010 & 2016 — are often wines that require the most patience and in the short term the most intense dishes paired with them.

2014 is not as bombastic as 2015 or as tart as 2013.

ECHÉZEAUX

BEAUJOLAIS & RED LOIRE

These wines of Beaujolais are absolutely “important” enough for a very special meal.

If there is PORK OR BACON involved – and you don’t want to spend the money for good

Northern Rhône, Gamay from Beaujolais can have a similar build with a little less tannin.

Serious Gamay from the best terroirs have the same granitic soil — are vivid & intense and will handle pork, guinea fowl and also all kinds of charcuterie.

Loire reds with venison and bison are excellent – the INTENSITY & HERBY EDGE works so well with the intense, very gamey, bloody meat with nearly no fat.

RED BORDEAUX

Thinking about the difference between Cabernet Sauvignon & Merlot in Bordeaux versus in Napa and the new world...

The wines are enormously different because the VINES ARE ADAPTED to the region – each is becoming more itself. Very few from the west coast of the U.S. are similar.

Cabernet Sauvignon definitely is THE BIG MOVIE STAR on the west coast and gets all the attention and Merlot is the quiet friend that goes along sometimes. In Bordeaux, Merlot is the most widely planted grape. Cabernet Sauvignon is only the dominant grape in a few specific sites.

The wines on this list are all broken into villages that have DISTINCT SOIL TYPES.

It is the soil types and the drainage that dictate the plantings of the grapes.

And yes, there are three other grapes that are included in the blends although none of them run the show — except for two extreme examples.

ST. ESTÈPHE

Clay soils make St. Estèphe a more successful place for Merlot than the rest of the left bank of the Gironde. These wines tend to have rich, dense, vertical Cabernet Sauvignon structure and broad, mineral-driven Merlot content. Like all Bordeaux, they age very well though St. Estèphe never loses the BARITONE/BASS NATURE of its personality.

PAUILLAC

Pauillac is the home of three first growths, maybe the most famous wines of Bordeaux and very likely THE LONGEST LIVED. Most of these wines are 85-90% Cabernet Sauvignon grown in meager gravel soils and can be incredibly structured and complex.

It is home of many an address to impress.

RED BORDEAUX

ST. JULIEN

These wines are similarly structured to Pauillac however they typically have a bit more Merlot in the blend and tend to be more forward drinking. The MINERAL FOOTPRINT is evident in the aromatics of St. Julien reds.

MARGAUX

Margaux is the name of the village and also of the most famous Château in the appellation.

These are wines very much dominated by Cabernet Sauvignon that is grown in sandy soil.

This particular terroir offers less dense wines with more gentle tannins than other left bank wines.

Margaux is usually most loved for its floral aromatics and PURITY OF BLACK FRUIT.

These can be wines of great refinement and nuance.

RED BORDEAUX

PESSAC-LÉOGNAN & GRAVES

This region is home to Château La Mission Haut Brion — as well as a number of rapidly ascending producers that are lesser known.

The wines are very individual and usually have a stamp of very complex aromatics of tobacco, flint, a mixture of dusty red & black fruits, and very INTENSE MINERAL SENSE.

They are typically an even blend of Cabernet Sauvignon and Merlot.

POMEROL

Pomerol has a very special magic.

These are often the richest wines in Bordeaux and they live a much longer time than you think they may — especially from the best producers.

These wines are often more than 90% Merlot and have a particular

FERROUS MINERAL NOTE that recalls some of the great

Côte de Nuits Grand Crus like Clos de la Roche or Chambertin-Clos de Bèze.

These are also wines of a beguiling SOFT, PLUSH TEXTURE.

ST. ÉMILION

This village is home to three distinct terroirs and many small producers.

The wines range from Cabernet Franc dominated Premier Grand Cru Classé Château Ausone to largely Merlot dominated wines with a generous and spicy splash of Cabernet Franc.

These are generally rich, forward, EXOTIC & GENEROUS wines that work with slightly broader cuisine than many other wines from Bordeaux.

NORTHERN RHÔNE VALLEY

The Northern Rhône offers a range of terroirs for SYRAH. Crozes-Hermitage and Saint Joseph show the grape at its MOST FORWARD (in France) - Cornas offers it at its most broad & rustic.

HERMITAGE

Hermitage is the ancient home of SYRAH IN FRANCE. The grape has been documented to grow there for more than 1100 years. Hermitage vineyards are essentially sitting like a monk's cap of granite atop a very round hill directly across the river from the town of Tain (where Valrhona chocolate was born and is produced).

CÔTE RÔTIE

Côte Rôtie (meaning the roasted slope) is a steep vineyard site with GREAT SUN EXPOSURE on the west bank of the Rhône river just north of the Hermitage hill.

These wines are not as dense, tannic or broad as Hermitage but often are much more SPICY, EXOTIC & JUICY. Some of the wines have an accent dose of the white grape Viognier in the blend with the Syrah which will make the wines more exotic and generous.

The single vineyards are very rare and compelling and we are very lucky to have such a collection.

CHÂTEAUNEUF-DU-PAPE

In the last 25 years there has been a huge change in perception and awareness of Châteauneuf-du-Pape driven by Mr. Parker's enthusiasm for the wines as well as — first and foremost — by how delicious they are. These are red wines with broad drinking windows, good age ability, FANTASTIC FRUIT and terrific complexity.

The diversity of terroirs and winemaking styles is pretty gigantic in this appellation.

Growers are allowed to source from a vast selection of 13 DIFFERENT GRAPES:

Grenache, Mourvèdre, Syrah, Cinsault, Counoise, Picpoul (Noir/Blanc/Gris), Terret Noir, Bourboulenc, Clairette, Roussanne, Vaccarèse, Picardan and Muscardin.

They are all interesting but Grenache is, by far, the most widely planted & interesting — it brings joy and carries the personality of the wines. It is perfectly SITE AND WINEMAKER REFLECTIVE.

SOUTHERN FRENCH REDS

CÔTES DU RHÔNE

The wines from around the villages in the Southern part of the Rhône Valley that are notable are typically Grenache driven. Like Châteauneuf-du-Pape, their personalities are particular. The wines don't possess the same kind of rich body and power but so many of them are really juicy and LOVELY WINES TO DRINK.

These are not shy wines.

RIOJA

Rioja as a wine growing region is a MICROCOSM OF CHANGE and development in wineries and winemaking over the last 50 years. There are still producers who work in the “more traditional way” meaning greater oxidation and very long barrel aging, often in American oak. There are also modernists, smaller producers, individually vinifying very special small vineyard sites. The best wines age extremely well and largely follow BORDEAUX VINTAGE quality.

PIEDMONT

Nebbiolo, the most important grape that you find in Barolo, has a personality and an ability to be uniquely and individually expressive in a way that is not unlike Pinot Noir from Burgundy — with one gigantic difference. These are wines of grace but also DENSITY, POWER, TANNIN and a dry fruit character.

Nebbiolo in a happy place will always have aromas of flowers, fruit, spice and the MINERAL CONTENT OF THE EARTH in which it is grown as part of its expression.

TUSCANY

The most important red grape in Tuscany is SANGIOVESE and it is grown in a wide variety of locations and situations.

There are SOFTER WINES from the Chianti zone and much more tannic versions from Montalcino where Sangiovese is most easily identified by its very consistent dried red fruit and SWEET LEATHERY PALATE.

The wines from the Tyrrhenian coast famously known as “Super Tuscans” are largely made from Bordeaux grapes like Cabernet Sauvignon and Merlot and are built very similarly.

WASHINGTON

The Washington State wines are built like the LOVECHILD OF NAPA & BORDEAUX. The longer growing season and drier climate often make for greater success for Merlot which is an important part of a lot of these blends.

LARGE FORMAT

We've chosen a few particularly ageworthy wines to offer in large formats in part because the larger format allows the wines to AGE MORE SUCCESSFULLY and because of course, it is always MORE FESTIVE to have a big bottle at the table.

It is best to allow us some decanting time, or order a bottle a day or two in advance, so we can properly care for it and it can be served as intended, the SHOW-STOPPING CENTERPIECE of your dinner party.
